INTEGRATED FACILITY MANAGEMENT SOFTWARE

PRODUCTIVITY . LONGIVITY . SUSTAINABILITY

VALUABLE FACILITY

Firmity is a smart, integrated facility management software built to simplify operations, enhance visibility, and empower teams with real-time control over maintenance, assets, workforce, and compliance—digitally and efficiently.

CLOUD BASED FACILITY DIGITAL RECORDS:
Access and update all your facility documents anytime, anywhere—securely stored in the cloud.

PLANNED PREVENTIVE MAINTENANCE:
Auto-schedule and track maintenance tasks to avoid last-minute breakdowns.

EVENT ORGANISER & BOOKING:
Digitally manage club/ conference room bookings and community events with ease and transparency.

COMPLAINT MANAGEMENT SYSTEM:
Scan, log, and track complaints in real time with QR-based reporting.

ASSET MANAGEMENT & ALERT:
Monitor assets and get timely alerts for maintenance and service due dates.

INVENTORY PURCHASE & STOCK:
Generate POs, track purchases, and maintain real-time stock records—paperless and efficient.

FACILITY STAFF ATTENDANCE & LEAVE:
Digitally track staff attendance and approve leaves with one-click transparency.

VISITOR MANAGEMENT & RECORD:
Log, monitor, and retrieve visitor records digitally for enhanced security and reporting.

Imagine missing an AMC renewal, overlooking a water tank cleaning schedule, or losing track of vendor payments—these are everyday challenges Firmity solves. Experience how technology can simplify facility management.

POWERED BY

FIRMITY
INTEGRATED FACILITY MANAGEMENT SOFTWARE

THE BENEFITS

PRODUCTIVITY

Centralized records enable faster decision-making.
Automated task alerts ensure nothing is missed.
Integrated modules boost team coordination and speed.

LONGIVITY

Scheduled PPM extends asset life.
Digital logs support better upkeep planning.
Smart tracking reduces wear and tear.

SUSTAINABILITY

Efficient resource use cuts waste.
Paperless operations promote eco-friendliness.
Smart access control lowers energy use.
